PROFESSIONAL SPRAYERS

*One of these
sprayers is
just right for
your needs.*

*High Quality.
Rugged
Construction.
Comfortable.
Excellent Value.*

Shindaiwa SP300 is perfect for landscaping, nurseries, and small- to mid-size ag jobs.

Shindaiwa SP518 with large-capacity tank handles larger commercial and industrial applications.

- Long spray times; no need for constant pumping.
- In-tank piston pump virtually eliminates external leaks.
- Viton® seals and diaphragm valves resist abrasive chemicals.
- Padded, adjustable shoulder straps keep operators comfortable.
- Each sprayer comes with a service kit.
- Tank fill scale simplifies accurate measuring.
- Many interchangeable components for easier service and maintenance.

PROFESSIONAL SPRAYERS

From a small hand-held sprayer to a large-volume backpack, Shindaiwa has a sprayer that's just right for your job.

SP210
Handy-size sprayer ideal for applying insecticides, fertilizers, and weed control. With a large, independent filler opening, there's no need to unscrew the pump to fill. The pump handle doubles as a carrying handle.

SP300
Delivers superior performance and reliability without sacrificing comfort and convenience. With integral base construction, the SP300 is lightweight and tough. High-efficiency piston pump provides years of trouble-free operation.

SP415
Proven track record of long, continuous operation without failure or need for maintenance. Reversible pump handle permits right-hand or left-hand operation. This is also an easy sprayer to maintain on the job.

SP518
Durable metal base with chrome plated brass chamber and trigger. Chrome plated brass wand for extra rigidity. Up to 90 psi operating pressure. A commercial workhorse.
